Situation & Description

Perth is centrally located and extremely well connected with 90% of Scotland's population within 90 minutes drivetime of the City.

Situated in the centre of the city, the property occupies a very prominent situation near the busy junction of High Street and Kinnoull Street. Many of the cities busiest car parks are only a short walk away.

Comprising the ground, basement and first floor levels of an attractive traditional red-sandstone period building, the property occupies an excellent location on one of the main thoroughfares through the city and is very close to the junction with High Street and benefits from air conditioning, storage and an open plan layout.

The first floor is linked by way of an internal staircase and offers bright space with extensive window frontage along Kinnoull Street and returning on Mill Street.
